EXPERIENCE

2021 — RESILIENT CODERS — Software Engineer

Developed 5+ full stack web applications with different frameworks and backend support. Collaborated with teams in Scrum methodologies to design and develop structured and creative apps.

- *Hooked & Rewired, an original fullstack app designed & built using data analytics, express, and APIs. For users who are trying to break a bad habit.*
- *Contract in production to develop & design a fullstack networking app for a global organization & its members.*
- *Barista App - cashiers take coffee orders and add to a queue, baristas sign in and mark orders as complete and the app says the customer's name out loud when order is ready.*

2020 to 2021 — ALLIANCE FOR POLICE ACCOUNTABILITY — Communications Specialist

Managed CRM softwares to ensure the functionality of outreach and refine organization's cybersecurity.

- *Email open rate & engagement increased 15% after organizational redesign. Graphic design & writing generated 3,000 more followers on social media.*

2018 to 2021 — SISTERS PGH — Program Manager

Modified existing software by studying client needs, studying systems flow, data usage, and organizational processes. Executed most graphic design as well.

- *Designed billboards that fundraised \$10,000 and 2,000 new followers on social media in one day. Managed 20+ artists to design artwork for 3 annual Pride parades.*

2018 to 2021 — PGH UNITED — Visual Artist

Led visual strategies, design, and marketing in relation to campaigns for economic and housing justice.

- *Managed a \$40,000 art project with a team of 22 multidisciplinary artists, a two week deadline, and the early onset of a global pandemic.*

2020 to 2021 — 1HOOD — Graphic Designer

Designed graphics for various events regarding trans voters, Black voters, and incarcerated voters.

2017 — THOMAS MERTON CENTER — Tech & Operations Coordinator

Used CRM to manage client info + organizational structure.

2014 to 2016 — ASSEMBLE PGH — STEM Teacher

Taught STEM for grades 1-9 to give kids a space to learn, make, and creatively test out ideas together.
